Subject: OBJECTION to 2023 Residential Mill and Overlay, Cretin Bayard Phase 1 and 2

I am the property owner at 519 Mount Curve Blvd., St. Paul, MN 55116. I strongly object to an assessment for basic services that all Municipalities owe their constituents. I find it unconscionable that you have asked us to pay additional amounts for a core service and responsibility of the City government. We already experience significant tax rates and have seen a steady stream of increases far in excess of the general cost of living.

If you were a private business you would rightfully be charged with unethical behavior and price gouging. Milling and Overlay are by any measure a General service. The maintenance is our right as tax paying citizens and adds nothing to the value of our property – it merely restores the value to its rightful equilibrium.

I object in the strongest terms possible. Jim
