Mai Vang,

I am attaching the inspections that were completed 2 weeks ago. The chimneys are not used and we won't likely have them fixed until we sell the house. I called Jerry in the Mechanical Safety office and he didn't really have a solution to the permit signature issue. I've also attached the numbers from permit inspection. I have attempted to get a Saint Paul licensed hvac person to sign the permit with no success. Perhaps the council or fire inspector has another suggestion to resolve this issue. Thank you for hearing my appeal. Please let me know what the next steps are.
