

SAFETY INSPECTION on JUNE 1, 2018

SAFE

You have acknowledged that you have been provided working smoke alarms and carbon monoxide detectors with the proper batteries and covers.

Tampering with either one or both will result in additional charges to your rent.

CLEAN

Additionally, we have been advised that tenants who keep their units messy, untidy and scrappy are liable to receive **criminal citation** from the Inspector which would then be reason for eviction process to begin.

PROUD
