I paid my bill via check/mail 7/14/21 for \$59.22 to
Advanced Disposal.

I am low income and have applied for Disability.
My ^{small} trash container is rarely full. I have c/wk
pick-up, and usually only have 2 small plastic grocery-
bags of trash e/wk. I am begging for a reduced
rate & financial help. You have FAILED to
help me with this matter.

I had to use \$ I receive from the county to pay
this bill. Money I would've used for personal-hygiene
products / HHH items.

I will be informing the Better Business Bureau
of your failure to help low income residents, to
help older residents stay in their homes, and
especially during a pandemic.

I am also contesting your "Administrative Cost fees."
