C5. The basic hourly wage rates for the Apprentice class of positions are as follows:

This Section is held open for the addition of appropriate Apprentice rates in the event the Employer initiates the employment of Apprentices.

If the Union elects to have the contributions listed in Appendix D increased or decreased, the Employer may adjust the rates in Appendix C, Sections C-2 through C-4 in such a way that the total cost of the package (wage rate plus contributions) remains constant and does not exceed the amounts shown in Appendix C, Section C1.

The total compensation (wages and fringes) received by employees covered by this Agreement shall be equivalent in money to the total package paid by the employer to employees in comparable classifications in the Agreement between Local 10 and the Twin City Division of the Sheet Metal, Air Conditioning and Roofing Contractors Association.

The total package cost shall exclude any costs of payments made for industry promotion and/or advertisement or any other purposes not directly and clearly beneficial to the public employer.

In the event Local 10 and any sheet metal contractor affiliated or not affiliated with the Twin City Division of the Sheet Metal, Air Conditioning and Roofing Contractors Association and doing business in the seven-county metropolitan area agree to a total commercial package different from the above total commercial package and which is less than the above total package, such differences shall be immediately applicable to the total compensation paid to employees covered by this Agreement.

**The April 30, 2016, hourly rates in Appendices C1, C2A, and C3 shall be determined at a later date based on the allocation agreed to by the Employer and the Union of the April 30, 2016, total hourly cost stated in Appendix C1.
