Proposal for decibel level testing (4)

Chris S. Bravos Feb 10 at 9:51 AM
To Me

Jim,
I have attached the proposal for testing. I have a technician available on Thursday Feb 13th to perform the test, and I myself will be along to help out as well. I just need to confirm a time for us to be on site. Please let me know as soon as you can.

Thanks,
Chris
