St. Paul City Attorney

This letter is to verify that the reimbursement for St. Paul Fire – Minnesota task Force 1 Confined Space Rescuer training September 23 – 27, 2013 is for reimbursement for personnel and consumables for required technical rescue training. This training is to develop the skills and capabilities of new Task Force members so that they can provide a capable response to complex technical rescue incidents.

This training is vital to the ability of the Task Force to respond to and perform rescues, mitigate hazards, and recover victims of emergencies requiring special technical rescue expertise.

Please feel free to contact me with any further questions or concerns.
