NARRATIVE

On 01/11/2012 at 0358 hours, Sqd 146 (Ofcs P. Lee/J. Lee) responded to an alarm call at the CLEAN CUTS located at 1728 University Ave W. Dispatch advised the alarm was covering the front motion sensor.

Upon arriving on scene and while walking up towards the CLEAN CUT, I (P. Lee) made contact with two B/M's who were leaving the residence of 1730 University Ave W. Both stated that while they were inside their residence, they heard a loud banging noise coming from outside. In speaking with these two males, it was determined they were not involved with the alarm and sent on their way.

We then observed that the glass window portion of the front door to the CLEAN CUT had been smashed. There were numerous pieces of broken glass laying on the ground in front of the door step. It appeared entry was not made due to the door knob and deadbolt still being locked. It was determined at this time that this was an attempted burglary.

We reached inside to unlock the door and made entry to clear the business with the assistance of SPPD K-9 Sqd 624 (Ofc Harrison). The business was cleared with no one inside. While inside the business, nothing appeared to be disturbed or rifled through.

Sqd 140 (Ofc Roettjer) assisted in taking photos.

We processed the front door and the broken glass for possible sign of evidence to process for latent prints with negative result.

Dispatch assisted us in attempting to contact the key holder with negative result.

We contacted the Board-up Crew who came on scene to assist in securing the business.
