

June 17, 2014

We are appealing the summary abatement order, dated June 5, 2014. Please see all previous evidence submitted about this situation, including pictures, video and narratives written by Tom and Mary Murphy.

We have retained counsel and we are providing his contact information today, and he has discussed the matter with Mr. Hodge's attorney, and we intend to get the advice of an engineer. We request a 30-day continuance to comply with the City order.

Thank you,

Mary L. Murphy
