Good morning,

I am following up with an email that I sent on January 21, 2015. I want to make sure you received that email. I was also hoping that you could provide me with a status update this morning.

Thank you,

Subject: 786 Frank Street

Marcia Moermond,

Per your request yesterday I am sending you an email regarding our hearing from yesterday. I keep all of my emails for 2-3 years. However, I do not have a system regarding saving sent faxes. Therefore, I cannot show you that I submitted a change of address regarding 786 Frank Street. The issue, still remains however, and that is I never received the final \$170.00 certificate of occupancy to pay since it was mailed to my old office of 4525 White Bear Parkway, White Bear Lake, MN 55110. I recognize and understand that this is not the city's fault since their records still showed the old address. I submitted another change of address this morning.

Certainly I was aware of the inspection itself, but since I never received a final bill/invoice I did not pay the \$170. I became aware of the final bill once I received the public hearing notice.

I am just asking you please to waive the two fees (\$120.00 and \$35.00) due to the above, and that I have an excellent record of always paying past fees, and that I properly maintain all 4 of my St. Paul properties.

Thank you for your consideration.

John R. Mann
