looking to build fence for entire prop
told to contact Corinne

Mr. Buckrey,

On April 26, 2012 I made an inspection at your property. At that time I gave you a verbal notice to clean up your lot and bring it into compliance with the conditions of your license within 30 days. We have received several complaints since that time so I am writing to inform you that you have until May 25, 2012 to correct the violations of the conditions on your license.

There were many violations of your conditions some being where the cars are being parked, cars with major body parts missing, repair of vehicles on the exterior, storage of tires, vehicle part and similar items outside around the building.

I am enclosing a copy of the site plan that was approved and the conditions that you signed.

This is a serious matter that could result in adverse action against all your licenses. Please contact me if you have any questions. I can be reached at (651) 266-9110.

Respectfully,

Kristina Schweinler
Sr. License Inspector
