October 2nd, 2015

Council Member Thune,

The Department of Safety and Inspections has reviewed the Petition to Create a Commercial Development District submitted by Schmidt Keg House LLC. The petition dated June 4, 2015 includes only 21 of the 50 owner signatures required to meet the petition requirement. The petition also included signatures of business owners in the petition area.

Further, given the signature requirement involved attempting to collect signatures of 74 property owners, the Department of Safety and Inspections considers the number as well as the type of parcels as creating a hardship for the petitioner to obtain the required consent signatures.

Dan Niziolek
Deputy Director
Department of Safety and Inspections
