Subject: Stone Saloon

to Jeff Fischbach

This e mail is in regards to the Liquor Outdoor Service Area license being applied for by the Stone Saloon. My name is Bob O'Keefe and several months ago Thomas Schroeder approached me and requested that I sign a document indicating that I had no objection to this license being granted, I told him that my one objection would be if the outdoor music that would be broadcast onto the patio would be apparent upon my property and he assured me that that would not be the case, that whatever music might be present on the proposed patio would be of a soft, low volume nature compatible with a conversational level environment. It was with this assurance that I signed his document, I have found Mr. Schroeder to be a congenial and straight forward individual and I have no reason now to doubt his word. My property, at 235 Goodrich, is one backyard removed from the western wall of the Stone Saloon and the patio will be adjacent the building's eastern wall, so Mr. Schroeder's customers and myself should be able to co exist without friction, as we already have since his enterprise opened, should my understanding of the intended atmosphere of the patio area prove to be correct. The purpose of this email is to register my perspective on this licensing proposal prior to the June 8th deadline.

Thank you

Bob O'Keefe
