Regarding;

Council District #2 3
Planning Distriect #09 15
File #19139
Assessment #135203
Parcel ID 15-28-23-41-0051

To whom it may concern,

I am writing this letter in regards to the proposal to have the homeowners of GlenTerrace, Saint Paul, MN pay for the recent upgrades to utilities, street and sidewalks. If I have a voice with the council I request that I not be held responsible in the payment of the said work to Glen Terrace. I pay tax dollars that cover projects such as these and do not plan for or expect that I should be responsible for paying additional tax dollars for this project. If the money was not in the budget, then in my opinion, the work should not have been done. I request to not be held responsible for payment of the upgrades. Furthermore if the decision is made to have homeowners incur the costs, there is a liquor distribution business that uses the road daily for its employees, have you thought about having the company incur a portion of the costs.

Sincerely,

Maria Morocho Espinoza

1860 Glen Terrace
