RE: Stone Saloon (doing business as Waldmann Brewery) Liquor-Outdoor Service Area License  
(#20170000652)

I understand that you will be sponsoring a resolution to allow the issuance of an outdoor service area license to Stone Saloon (Waldmann) prior to the expiration of the 45-day waiting period. I polled the Federation Board of Directors by email because we will not be meeting for two more weeks. The Board voted unanimously to consent to issuing the license prior to the expiration of the 45-day waiting period. We understand that a legislative hearing would still take place if one or more objections to the license is received from area residents.

Thank you for facilitating the issuing of the license.
