To Whom it May Concern,

The following information is provided regarding the vacant property at 355 Cook Avenue East, St. Paul, MN 55102.

Prior to the outbreak of Covid-19 in March 2020, both units in this property were rented as follows:

Lower – Andre Conner / Moved in May 1, 2019 / Pre Covid-19 Balance \$6,376.00 / Encl 1
Upper – Juanita Merriman / Moved in August 1, 2008 / Pre Covid-19 Balance \$6,765.55 / Encl 2

As both tenants had outstanding balances at that time, we were in the process of working with each tenant to address these issues. With the Covid-19 outbreak and the implementation of the rent moratorium, I was unable to make any additional steps forward to collect any of the previous balances. Andre Conner made no payments and Juanita Merriman made only her minimum payment and St Paul PHA paid their portion of her rent.

Additionally, during the rent moratorium, Andre Conner moved his mother into the unit without authorization and Juanita Merriman moved her son into her unit without authorization and I was unable to do anything about it.

When the RentHelpMN program was initiated, I presented all of my tenants with outstanding balances and the resources and assistance to prepare and submit their online applications. Juanita Merriam started the process with us but never completed the application and would not cooperate with our attempts to assist her in getting her rent paid. Andre Conner did, in fact, complete his application and was awarded as follows:

11/22/21 - \$15,675.00
01/31/22 - \$ 9,405.00
08/19/22 -<\$ 6,720.00> Overpayment was refunded to the program
\$18,360.00 Total amount received

Still left an outstanding balance of \$18,171.00 after the overpayment was refunded.

I attempted to initiate the eviction process several times however, my attorney of 18 plus years became extremely ill in 2022 and never returned to his practice and passed away in early 2024. It was virtually impossible to find a law firm to help navigate this process. They would tell me they were not taking on any new evictions due to the backlog at Ramsey County. Some would not even return phone calls. The only way to get the property back was by giving them an opportunity to avoid a formal eviction process if they would move-out by September 30, 2022.

Andre Conner moved out prior to this date, leaving behind a lot of his personal property that he never returned to collect. I was required to store this property for an additional 28 days before I was able to dispose of it. A complete list of all of his damages and additional charges are enclosed at enclosure 3 and pictures of the items and condition of the unit are attached at enclosure 4.

Juanita Merriman did not move out until November 15, 2022 and left behind a lot of her personal property that she never returned to collect. I was required to store this property for an additional 28 days before I was able to dispose of it. A complete list of all her damages and additional charges are enclosed at enclosure 5 and pictures of the items and condition of the unit are attached at enclosure 6.

Once both tenants were out of the property, I was in no position financially due to the Covid-19 Rent Moratorium and lost revenue to do any and/or all of the repairs that were required based upon the way the units were left upon the tenant's departures.

Repairs were initiated in late spring of 2023 that I was able to do myself and were completed as contractors and funds became available. Please note that I am a single owner/operator of these properties with no staff to speak of and rely on the availability of contractors and day workers to complete these tasks. Funding has been a key element as I have mentioned with the Rent Moratorium causing a severe hit to my revenue; planning and paying for my youngest daughter's wedding, keeping up with other financial obligations; mother passing away as I was the executor of her estate; personal health issues and life in general. Pictures of both units after repairs have been completed and are attached at enclosures 7 and 8.

On April 11, 2023, I received a Correction Notice with the following Deficiencies:

1. Entire Building – SPLC 40.06 – Uncertified portions of the building must not be occupied until inspected and approved by this office. Property is currently unoccupied.
2. Entire Building – SPLC 34.19 – Provide access to the inspector to all areas of the building.

All wood exterior unprotected surfaces must be painted or protected from the elements and maintained in a professional manner free from chipped or peeling paint. Soffit and fascia have holes, rotted wood and peeling paint.

A Revocation of Fire Certificate of Occupancy and Order to Vacate Inspection conducted on June 21, 2023 by the City of St. Paul with the following deficiencies is included at enclosure 9 and pictures at enclosure 9a.

A second Revocation of Fire Certificate of Occupancy was received dated June 27, 2023 by the City of St. Paul with the following deficiencies is included at enclosure 10 with pictures showing completion at enclosure 10a.

Vacant Building Registration Notice dated June 30, 2023 received with amount due of \$2,459.00 payable by July 31, 2023 is attached at enclosed 11. This amount was paid on July 18, 2023, check # 5305 (enclosure 12).

Vacant Building Registration Fee Warning Letter dated July 31, 2023 received with amount due of \$2,459.00 stating amount was past due is attached at enclosure 13. Again, amount was paid on July 18, 2023, check # 5305 (enclosure 12).

Vacant Building Registration Renewal Notice dated May 30, 2024 was received with amount due of \$4,918.00 is attached at enclosure 14. No action was taken as the property was still not ready to be occupied as I was still in the process of making repairs as funds became available.

After receiving the first correction notice from the city, I contacted a contractor that I had used in the past and discovered he was unavailable and would not be back from Florida for several weeks. I was personally not going to be able to complete all of these items on my own. After several weeks went by, I contacted him again and he informed me that he had decided not to return to Minnesota. This left me high and dry. I contacted numerous contractors that I did not know and could not locate one that was willing or able to take on new work. I eventually was able to locate several day workers to work with me as they could throughout a long period of time working through the list to complete the deficiencies noted.

As you can see from the photos provided for each discrepancy attached at enclosure 15, each item has been addressed during the above referenced inspections have been addressed as indicated and rectified to code standards.

All issues for 355 Cook Avenue East have been successfully resolved and the unit is now ready to be reoccupied pending the reissuance of the City Rental Certificate.

Smoke and Carbon Monoxide Detector Inspection Affidavits are attached at enclosures 16 and 17.

Request that the Vacant Building Registration Fee of \$5,077.00 be waived and the initial fee of \$2,459.00 (enclosure 12) that I paid back in July 2023 be refunded based on the information provided. Your careful consideration and approval of this request is greatly appreciated.

Sincerely,

Greg P. Adelmann
