Subject: Negative Impact of New Housing Ordinance
Date: Monday, March 1, 2021 9:05:49 AM

To the St. Paul City Council:

I am concerned about the plan to change the definition of “household” in the student housing zone overlay district. I strongly encourage the City Council to reconsider the negative impact of changing the existing plan from the maximum number of adults who can live in a dwelling unit from four to six.

Thank you for your consideration.
