Sound Level Variance Application

City of Saint Paul Noise Ordinance (Chapter 293)

By: City of St Paul DSI

Note: A public hearing before the Saint Paul City Council is required. Application and fee must be received no fewer than forty five (45) days prior to the public hearing date that is before the requested Variance start date.

- Organization/person seeking variance: VISIT SAINT PAUL
- Mailing Address w/zip code: 175 Kellogg Blvd West Suite 502 St. P MN 55102
- Responsible person: Adam Johnson Title: VP of Marketing
- Event Name: CRASHED ICE VILLAGE
- Telephone: (651) 265-4904 E-Mail: a.johnson@VISITSAINTPAUL.COM
- Date(s) during which the variance is requested: February 27th, 2016
- Noise source - Time(s) of operation: 2-12am (2-10:30pm in street) 10:30-12am in tents
- Time(s) of pre-event sound check: _____
- Address or legal description of Noise source: See attached
- Sound level requested: See attached
- Describe the noise source and all equipment involved: See attached
- Describe the steps that will be taken to minimize the noise levels: See attached
- State reason for seeking variance: (E.g. music, announcements, construction, etc.) _____
- Attach site diagram showing location of noise source(s), streets, stages, tents, etc. (If there will be amplified sound, indicate location and direction that all speakers will be facing.) Multiple locations may require more than one application.

14. Return completed Application, Site Diagram, and \$164.00 fee to: CITY OF SAINT PAUL
DEPARTMENT OF SAFETY AND INSPECTIONS
375 JACKSON STREET, SUITE 220
SAINT PAUL, MN 55101-1806

Signature of responsible person:

Date: 12/21/15

7. Noise source time of operation

2pm-10:30pm outdoor music

2-Midnight – Tent Music

8. Address or legal description of noise source:

DJ/Live Music from tent in Burger Moe's Parking Lot - 242 7th Street West

DJ Live Music from tent in Cossetta's parking lot - 211 7th Street West

DJ/Live Music from tent on McGovern's parking lot. - 225 7th Street West

DJ Music under overhang in front of Cossetta's - 211 7th Street West

DJ Truck outside Tom Reid's - 258 7th Street West

DJ Truck outside Eagle Street/The Liffey - 174 7th Street West

9. Sound level requested

110 decibels from the source of all locations until 10:30

95 decibels from the source of the tent contained locations

Outside music from DJ trucks and stand alone DJ would cease at 10:30.

10. Briefly describe the noise source and equipment involved:

4x JBL P X515 Speakers

- Powered by 2 Crown Macro-Tech 12000i Amplifiers

2x JBL V X915S 15" High Power Flying Subwoofers

- Driver & Passenger Side

- Powered by 1 Crown Macro-Tech 12000i Amplifier

11. Describe the steps that will be taken to minimize the noise levels

Red Bull and Visit Saint Paul are very cognizant of the neighbors near the event location including those in Irvine Park and Irvine Park Towers as well as residents off of Chestnut Street near Cossetta's. We would like to work closely with DSI to get some accurate measurements of the sound these events produce – not in the tents, but near the residential neighborhood. We will utilize a decibel reader and do some readings throughout the day and evening. As the organization with the name on the sound variance for the full event, Visit Saint Paul will be sure all entities are aware of sound level restrictions.

12. Briefly state reason for seeking variance:

We are seeking this variance in conjunction with the Red Bull Crashed Ice Championships event taking place in front of the Cathedral.

West 7th will be the Crashed Ice Village for fans of the event to come to before and after the event. We are seeking the variance to play music from six locations (three outdoors, three in a tent from 2-10:30pm and then three in the tents until midnight.) This is a national event that Saint Paul is the only US location to host 5 times. In 2016, Saint Paul is the final stop on the four stop circuit. Red Bull is flying in nationally renowned DJs to perform at this Crashed Ice Village and it is imperative that this sound variance be considered for the experience of our visitors.

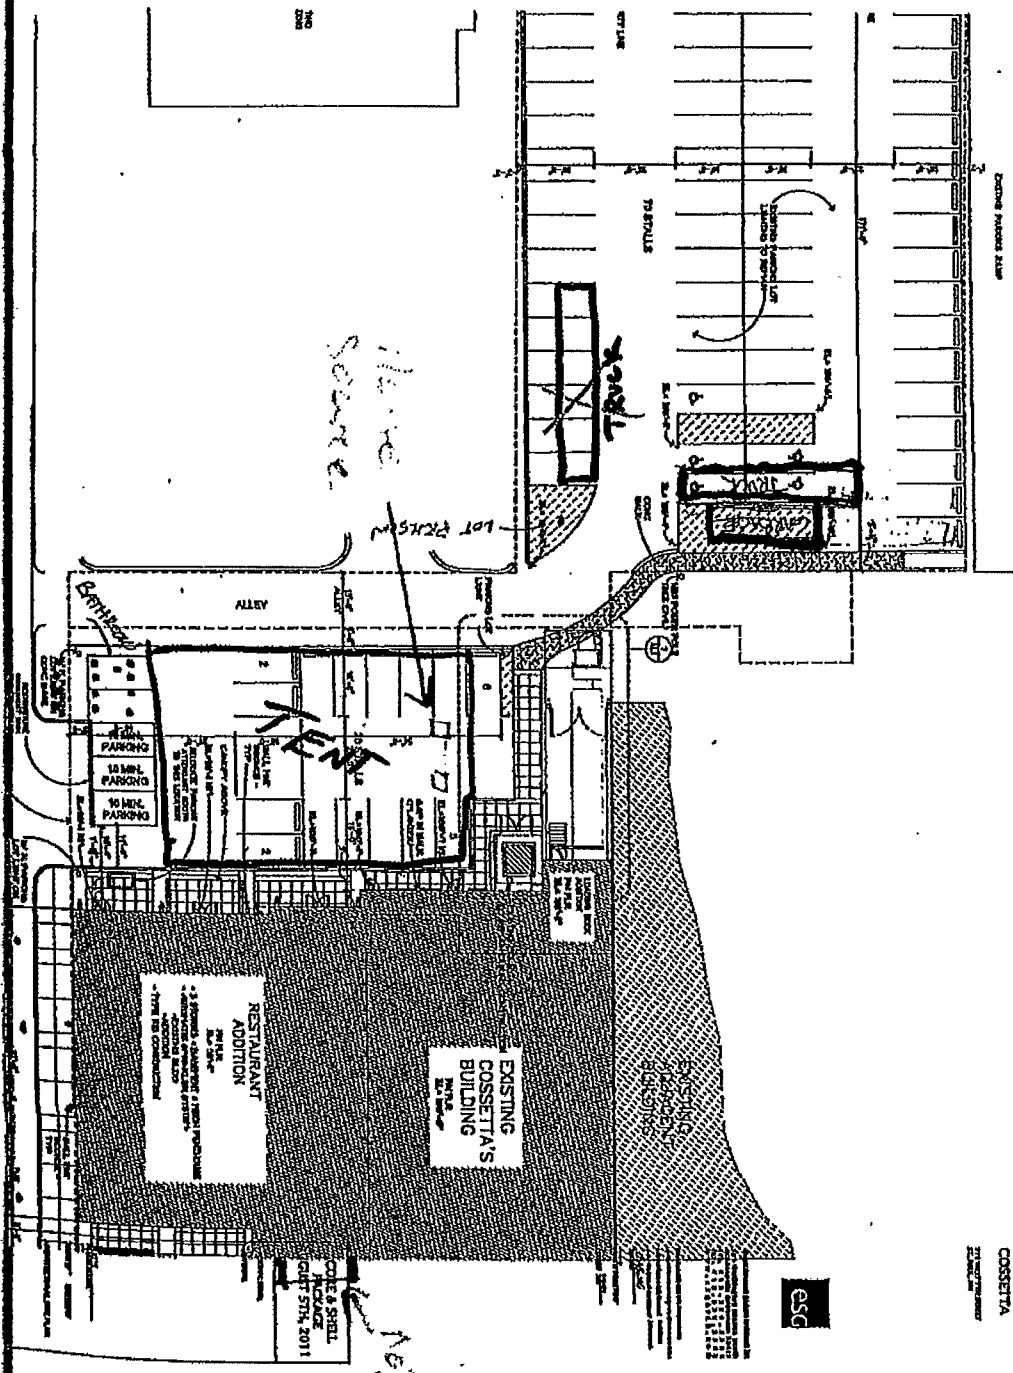

13. Attach site diagram showing location of noise source(s), streets, stages, tents, etc. (If there will be amplified sound, indicate location and direction that all speakers will be facing.)

See attached

Blue is the tent locations

Pink is the DJ station outside of Cossetta's

DJ trucks will be at each end of the two block footprint
