Subject: License Application Notification objection

October 13, 2011

Dear Sirs,

My name is Nora Olson and I live at 1754 Sherwood Avenue, St. Paul. I have been a resident at this home for 39 years.

I just received notification for a recommended replacement of License #0022440 at 1418 White Bear Avenue North, Colleen's Sherwood Lounge. The new recommended license wants to add an Entertainment A license with "Amplified or nonamplified music and/or singing by performers without limitation as to number, group singing participation by patrons". They also want to expand South of their present location to include a kitchen in the future and to expand 20 feet South of the existing front patio.

I want to express my objection to this new recommended license as the loud noises coming out of the Sherwood Lounge already, especially in the summer, with customers talking, laughing and also very loud music, are absolutely terrible and I don't feel that I should be put though any more noises, especially if they are also planning to expand South of their present location now, which makes the patio even closer to my home. I live accross White Bear Avenue, four places from the corner on Sherwood Avenue and between the traffic noise on White Bear Avenue and the noises coming from the Sherwood Lounge, I am sure it will be a lot worse if this application is approved.

I want to register my objections to the expansion of the front patio and the live music and I thank you very much for taking these in consideration.

Sincerely,
Nora L Olson

Concorn,

To whom it may

In response to the
license Application,
I object to the
legislative code 41102 -
Entertainment A.

This is in regards to amplified
music by performers from this
establishment at 1418 white bear ave, which
I strongly object to.

Sincerely,

Dave
