

Ms. Noecker:

I am a resident at Victoria Park Apartments and have recently become aware of the 52-unit apartment building being proposed for lot at the corner of Kay Avenue and Mercy Way. I do not want further development planned without the support of The Fort Road Federation. While I support neighborhood development, I think that the long-term viability of the neighborhood as well as pedestrian safety should take priority over a developer's interests.

Thank you for understanding.

Regards,  
Sarah Lewis
