Hi Paula,

I never spoke with or met the tenant. I only spoke with Pavel Zakharov the property owner over the phone. I never said it was OK to keep the firewood there which is why I took photos and entered them. The first time I rechecked, they make some progress so in the interest of working with people, I was reluctant to send a work order since they made significant progress so instead, I sent out another SA. Pavel called, said he will talk to his tenant, asked for an extension and it was granted. Upon recheck no progress was made this time so I called Pavel and sent out another SA because he sounded cooperative over the phone but upon recheck this time still no progress so I sent a work order. Please let me know if you need anything else.
