**Subject:** Cherry Pit Sound Variance request

---

The District 1 Community Council supports DSI's position on the length of the sound variance. We had understood that Ms. Cherry was going to limit the time this year, so this comes as a surprise that the request is for the sound variance through midnight. We do not support a midnight finishing time in this residential area.

At the June 15th board meeting, Nicole Cherry of The Cherry Pit requested the support of the District 2 Community Council for the Annual Party/Fundraiser on July 16. The board unanimously passed the following resolution:

Whereas the applicant, Nicole Cherry/The Cherry Pit had made every accomodation to the neighborhood by selection an alternate band with an alternate format (acoustic) versus other years, re-orientated the stage to face north and cut the number and size of speakers utilized

And

Whereas per ordinance no variance is needed for sound prior to 10pm

The board of Directors moves to support The Cherry Pit's request of a noise variance until 11pm for their Annual Party/Fundraiser on July 16.
