This is Kaying Khang. I'm calling about the garbage bills I've been receiving that's overdue. It's been paid as of June 3. She called and they claimed it's been credit but they notified the city as an assessment. They referred her to give the city a call because it was a city problem. Please remove the assessment from our building as it has been paid. If there's any question, please give me a call at 651-424-2717.

Also, I would like the city to make it an optional opt-out program to allow homeowners to no longer participate in the trash removal program, as it's not affordable. I'm proposing the city to reconsider the program to either allow people to pay for their bills, or help people to no longer participate in the trash program, and to be able to choose whoever they want for their hauler. It'll be easier on homeowners or whoever that's living in the home in the twin cities. Thank you!
