As I am directly west of the new Buffalo Wild Wings on Snelling and Ashland and as I had seen an article about neighbors complaining about smells from BFF, I assume this is where it originated. Additionally, my car has been covered in an oily substance every morning recently. I would like this business checked for odor and emissions levels. If a person can smell an odor like this it probably has adverse health impacts. The inside of my whole house smelled of this odor when I left for work this morning. 10/30/13 Odor of "Wings" very strong from 2 buildings away

Additionally, my car has been covered in an oily substance every morning recently. I would like this business checked for odor and emissions levels. If a person can smell an odor like this it probably has adverse health impacts. The inside of my whole house smelled of this odor when I left for work this morning.
