**Subject:** KEEP ST. PAUL LOT LINES STRAIGHT!

Dear Councilman Chris Tolbert

I am writing to you with great concern regarding the proposed lot line change on Fairmount Avenue, for a bigger structure than the lot provides.

Please don't start changing St. Paul lots to accommodate larger structures than the code currently provides. By making an exception, you are opening a can of worms for anyone who desires to live in the neighborhood, but want bigger homes. If people want to live in a larger house, they should move to the suburbs.

It is VERY upsetting to hear that this might actually happen. With the tear-downs and "upbuilding", this is NOT what the neighborhood wants. PLEASE KEEP ALL LOT LINES IN ST. PAUL STRAIGHT!

Thank you for listening.

Sincerely,

Lynne Olson
