issues must be addressed before an re-occupancy of the building is permitted - EXIT DOOR AT REAR OF BUILDING: There is no record in AMANDA of an easement having been recorded with Ramsey County for this building to use the adjacent property to the rear for an emergency exit egress. FORMER OUTDOOR PATIO AREA: The property with PIN #2929224200304 is owned by a different person. The door on the south side of the building leading to this separate parcel of land Easement required from adjacent property owner to maintain emergency egress from the rear of this building(east side). Also, property owners must record lot split with property to the south to allow existing patio and door opening to remain. Door to patio is a sliding glass installation and must be replaced to meet egress requirements of the building code. LRZ
