RE: Summit-University Planning Council support for St. Paul College sign variance

Dear Richard:

The Summit-University Planning Council Executive Committee has reviewed your request for a letter of support for a variance for the proposed sign at St. Paul College. The Committee voted to support your request for the variance. We also voted to support a full color sign, with images that change at 20 minute intervals. We feel the sign's location on Kellogg Boulevard, near the freeway, would minimize impact on the surrounding neighborhood.

If you have any questions, please contact me at 612-716-1514.

Sincerely,

Natalie Obee
