Thank you for having this session.

I grew up in this neighborhood, went away to college + grad school, and came back to be some neighborhood to raise our kids ~~at~~ because I know how special it is.

Change will happen, and we need to be welcoming to a variety of people. But we need to keep the heart + core of the neighborhood intact, or no one will want to be here.

Also, much of the new housing being proposed is not affordable housing.

Please vote for the moratorium and study to go →

through, so no decision is rushed. Keep our neighborhoods friendly for all!
Thank you.

Jim Miller

Address: 1870 Roblyn Ave Phone: 651-245-1940

Email: dmasion4@yahoo.com In support of moratorium.

① ^{please} publish criteria for what historic designation entails on individual houses.

② If designated, does the ~~district~~ approval depend on vote from neighborhood?

→

③. When deciding, please keep in mind the changes that have already happened in the 70s & 80s. Tear downs, & apartments built or prior

Thank you for thoughtful, strategic thinking about these complex issues. I support taking time — and not wasting resources studying if not allowing the time to do the work (so yes, moratoriums).

over

I am concerned that the defined area to study does not include Fairview east to Snelling. This neighborhood is likely to take the brunt of frenzied development and as seen as expendable. ~~and~~ The housing stock is mixed in historic value and the condition of the homes. The new stadium, the development along Snelling and Marshall are really going to squeeze this tiny piece of St. Paul. Please consider these little stretches of Igitchant and Carroll. We feel forgotten. Thankr!
