Dear Saint Paul City Council,

I Kee Vang & Yer Lee, disapprove this project. We have been living here for over 12 years and without lights and side walks we have been doing fine. We as the tax payer and property own do not need any of these project done.

Also, the estimated assessment for the project is to much for me to pay. I have a family to feed and bills to pay, I see this as something unnecessary that needs to be done.

If you have any question please feel free to call my phone at (651) 493-2046, please have a Hmong Speaker call, this will help communication a lot easier. Thank You!

Kee Vang
