Ms. Ahmed: I took the couch from the street to my front door

Ms. Moermond: when did you buy the property?

Ms. Ahmed: in 2009

VIDEO – crew removed sectional couch from front porch

Ms. Moermond: there's no history at this property & the Order clearly states: "Remove the sectional couch from the blvd."

-it should have been clearer – not only from the blvd but remove it from the out of doors because it's interior furniture (fabric that gets wet & moldy; mice/bugs move in)

-I can see that the way the Order is phrased would have been confusing & that maybe a follow-up phone call from the inspector would have been helpful

-I will recommend deletion
