To Whom It May Concern:

I am not happy with this assessment because your employees who went to my property charged me for the clean up, but no thing was done there. I did all the clean up before and after them myself. I like to see proof and explanation what did they clean up there? There is a neighbor down the block that the lawn has never been mowed for years, why did they do it, it is really appropriate for the charge. I ask that this assessment drop because it is unreasonable charge. Otherwise with the city permission I will contact TV station to air this charge so other people know that St. Paul has allowed it employees to charge the residents for a lot of works that they did not event do for residents.

I am looking forward to hearing you.

Thank you
