

Good Afternoon-

I am e-mailing regarding the vote this evening for the zoning variance for the statue at the address listed above. As a neighbor I have no issue with the placement of the statue and know of no one who does. Additionally, I do not feel there is any undue danger due to the proximity to the bluff. If this council votes to deny the variance I trust all homeowners in violation of the zoning ordinance will be brought up to code also? I will be watching and voting accordingly and encourage others in Districts 1-7 to do so too.

Kind Regards,

Sheila Byers
