I feel that administrative officials made decision of error because all of them said that there are only 50% of the surrounding neighbors was supporting. Indeed, I now have 100% support from the ten surrounding family neighbors who are living around my house and are given to me by DSI.

Administrative officials should support and approve this various zoning to me based on my parking difficulties and as the following supports:

- My house is on the last house on the dead end
- there is a fire dehydrate in front of my house
- no access on the back
- single-narrow drive way to my single care garage
- all 10 neighbors are 100% support
- District 4 approved and 100% support
