Mr. Mohamud:

We spoke a few days ago concerning an interpreter for the public hearing, but I haven't received your formal request for a public hearing. Please respond to this email ASAP with your request for a public hearing because we cannot "hold" this adverse action very much longer. If you don't respond in the next few days, I will need to move forward with a resolution to City Council revoking your license.

I want to have a public hearing  
At the same time I need a translator

Thank you so much and
