

122 Lyton PL  
TA 15-550  
12/1 LH

My name is Lyle LaFontaine. I have worked for Max Elkin for several years now

The morning, after the fire of the night before, I was reported to Max Elkin, he instructed me to Board up all the windows and doors at 122 Lyton place, St. Paul

I immediately went out that morning and attached plywood to all the windows and doors on the ground floor of the Building, with the exception of the Rear Door and the window of the Bedroom, where the fire had started, because there was already plywood on the Rear door and that one Bedroom window

We had attempted to scare off the intruder with no success
