Subject to prompt acceptance within 30 calendar days, all conditions of bid proposal stated on this form, and approval of Customer's credit by Subcontractor, if requested, we propose to furnish materials and labor as specified below at the prices stated below, and any requested extra work at the prices stated below. Acceptance of this bid proposal is expressly limited to the terms herein.

Base Bid

- R-19 unfaced fiberglass batt insulation @ end walls upstairs
- 4.5" polyurethane foam sprayed @ crawl space and attic space
- Full depth fiberglass blown insulation (Approximately R-27) with netting @ main floor walls
- Drill and fill wall at stair landing
- Tape and caulk seal poly to ensure an airtight vapor barrier
- Foam seal exterior door and window rough openings

Notes No work to be performed in kitchen, main floor bathroom
 Owner to have existing insulation and covering removed for access in crawl space and attic

Note People and animals must vacate residence during application of polyurethane foam

Lead time 4-day lead time

Fiberglass blown, batts and spray foam insulation are designed and manufactured for thermal and sound purposes only and will not prevent water pipes from freezing due to air infiltration. While air infiltration protection packages that we may install reduce the incidents of some air infiltration into a structure, they do not completely eliminate all incidents of air infiltration that could cause freezing pipes. Pipe protection is not the responsibility of R&J Insulation, Inc. or its affiliates and we shall have no liability for frozen pipes.

Any alternation or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. There will be a minimum trip charge of \$75.00 for jobs not ready when ordered. Allowing commencement of the above work constitutes an agreement according the terms of this proposal.
