03/04/2008	08 036650	Closed	CF - CSO Information Request - Information - Phone	Caller started by asking about the possibility of putting in a new garage on this property for his tenants (such as to park their vehicles and/or storage). He became upset when CAT suggested he submit a plan that would show the size, height, setbacks, etc. for zoning review. He complained that why can't a property owner do whatever he wants to his own property. As it turns out, the property owner is thinking of leasing to a auto specialty (such as an auto business putting in car alarms). CAT suggested he contact a Proj Fac to discuss the tenants business plan, floor plan, and site plan. CAT also informed the property owner that depending on the business plan, in a B2 zoning district, the auto related use will need a CUP or will not be permitted at all.
