Subject: Lot Lines

Councilman Tolbert and Mr. Diatta,

I am writing to express my objection to the changing of the lot lines on the property in the 1900 block of Fairmount Ave. To do this to accommodate one property owner is not what the city should be doing. The owner was aware of the lot line configuration when they purchased the property, and should respect it now when they want to build their new home.

This will likely only create more problems when one or both of the homes are for sale down the road, and is certainly setting a bad precedent for future home building and property maintenance issues in the city.

We seem to have enough problems in the Mac-Groveland neighborhood with tear-downs, oversize remodels, etc. that you should not be adding more ways to complicate the process for current residents and potential new homeowners.

See you Sept. 2.

Jane Amberg
201 Woodlawn Ave.
