Sharon Teske and Edward Teske

839 Clear Ave. St.Paul, MN 55106

In regards to the applicant Arcade Auto Body, we have lived across the street from 1346 Arcade St for over 52 years. Charles has done a great job improving the building all the way around and looks much better than it did before and always picks up and keeps the surrounding area free from trash. We support his application to add a used car sales and mechanic licensee to the property. He is an active property and business owner. Adding these licensees we feel would not change anything about the property maybe even improve it and have better curb appeal.
