Subject: Pat Menne, 612-242-0334

Menne called. She said that Brad Woodbury is not coming to the Legislative Hearing today because he was called into work. Menne said her car broke down on the highway and she is waiting for AAA. They said they cannot promise service within 45 minutes.

She said the trailer is off the property. The boat and jet skis are on paver blocks and on approved gravel.

I told her that maybe she did not need to come to the Legislative Hearing. She wanted to come about her \$120 citation, but I told her that citations are not dealt with in Legislative Hearings.

Let me know if you would like her to come to the hearing today.
