Subject: Ratification Of Assessment.

I'm writing in regards to a pending assessment.

This is for the 2024 Mill and Overlay -Fourth/ Howard area,Ph 1.

I have an objection to this for 2 reasons.

First this is not my street.

In fact this area is one block north and half a mile east of mine.

This is not a well traveled road other then for people who live there.

Secondly what happened to the city wide 1 % sales tax increase that took effect this year!Money that was supposed to be used for ROAD REPAIRS!

Where is that money from the sales tax really going?!

I plan on notifying my neighbors and if this is approved by our city council member we will be answering back at the ballot box!

I'm also sending a copy of my notification to the newspapers .

Asking where is the money really going?!

Sincerely,
Dennis J. Lynch Sr.
