12/03/2012	12 216076	Pending	PV - Project Facilitator Review	Project Applicant Paul Tucci Oppidan Inv - The building is multi -tenant commercial space with addresses from 645 to 655 S Snelling. The existing tenant Mathnasium at 649 S Snelling is using the basement for additional instructional space, in addition to the main floor. A prospective tenant for the space at 651 S Snelling is proposing to use both the main level and basement for after school art instruction. It was discovered that the basement was never authorized for any type of use other than the (presumed) "service to the building". See attached code review by the building owner's architect in the "documents" tab. The building official has approved the use of the basement for these two tenants based on the architect's analysis.
