**Subject:** Re: 877 Woodbridge St. Code Compliance Inspection Application

The receptionist at the permit counter told me to expect inspectors going out in about 2 weeks, so I was planning to install the lock box this weekend. Anyway, I apologize for the trouble, it will be installed tomorrow with the code provided.

Mr. Zhou,

It is my understanding that you applied for a code compliance inspection report on August 16, per our conversation after the City Council meeting on August 15. On the application form you provided a lock box combination, as lockboxes are a requirement so inspectors can gain access to the property. Today the building inspector was at the property and no lock box was found, in spite of your having provided a combination. No other inspectors will be dispatched to the property until this matter is resolved. Please communicate with the Department of Safety and Inspections on this important matter.

Sincerely, Marcia Moermond  
Legislative Hearing Officer  
Saint Paul City Council
