

Attachment A
Salvation Army Radio Donation

RADIOS

1. Icom 2710 Mobile dual band transceiver
2. Yaesu FT – 50 R dual band portable transceiver
3. (2) Kenwood interactive visual communicator model DC - H1 for ATV
4. (3) Uniden Bearcat Sportcat scanners
5. (3) Icom IC -706 MK IIG Mobile radio
6. (2) Kenwood FM Dualbander portable radios with TNC
7. Icom IC-2800H dual band mobile radio
8. Icom IC-756Pro HF Transceiver
9. Kenwood FM tribander model TH - F6 portable radio
10. (4) ATV TC70-20 Transceivers
11. Kenwood TMD [700A](#) dual band UHF/VHF mobile radio

ELECTRONICS

1. Ameritron ALS-500M solid state mobile amplifier
2. (2) Astron RS-20M DC power supply
3. (2) Astron RS-35M DC power supply
4. Ameritron ALS-600 solid-state FET amplifier and 50 volt power supply
5. Desk microphone ICOM SM-20
6. MFJ HF/VHF SWR Analyzer model MFJ-259B
7. Rigblaster rig to sound card interface
8. MFJ model MFJ-969 Deluxe Versa Tuner II
9. (2) Icom IC-PW1 HF/50 MHz all band 1KW linear amplifiers
10. (4) P.C. Electronics ATV TVC4G downconverters
11. Samlex America model SEC 1223 switching DC power supply
12. General Instrument Jerrold processor model S450P
13. MFJ differential - T tuner 3KW roller induction tuner
14. Clear speech model CSS -1 digital speech filter system (Clearspeech speaker)
15. ARB 702-I amplifier transceiver interfaces for Icom radios
16. Sony 3CCD DV handycam video camera
17. Sony XGA digital Mavica video/still camera

ANTENNAS

1. Miscellaneous HF, VHF, CB radio mobile antennas
2. Outbacker antenna system
3. Tripod ground coupler antenna mount
4. Cushcraft M – 7000 HF roof antenna (sitting on the deck of the crank up tower)
5. Various antennas for UHF, VHF, and HF (roof-mounts, mobile mounts, Outbackers, etc)

MISCELLANEOUS EQUIPMENT AND SUPPLIES

1. Battery pack /jump starter
2. (4) tactical radio vests
3. Angle brackets for directional antennas for Amateur TV (ATV)
4. Communication name tags and vest markings

5. Patch cords and extension cord for the generator
6. Audiovox compact disc player
7. (5) Gear bags
8. Large coils of coax cable (Several)
9. (4) directional high-gain antennas for ATV transmission/reception
10. ATV connection cables
11. Miscellaneous batteries, battery chargers, and lapel mics for portable radios
12. Various magnetic mount antennas, DC wiring, and external speakers
13. (2) Spools of insulated long wire antenna wire
14. A large spool of coax
15. 50' crank up tower on a galvanized trailer (purpose built for field ATV/HAM use)
