FIRE INSPECTION CORRECTION NOTICE

RE: 295 WESTERN AVE N
Ref. #102524
Residential Class: C

Dear Property Representative:

Your building was inspected on June 11, 2017 for the renewal of your Fire Certificate of Occupancy. Approval for occupancy will be granted upon compliance with the following deficiency list. The items on the list must be corrected prior to the re-inspection date. A re-inspection will be made on July 18, 2017 at 10:00 a.m.

Failure to comply may result in a criminal citation or the revocation of the Fire Certificate of Occupancy. The Saint Paul Legislative Code requires that no building shall be occupied without a Fire Certificate of Occupancy. The code also provides for the assessment of additional re-inspection fees.

YOU WILL BE RESPONSIBLE FOR NOTIFYING TENANTS IF ANY OF THE FOLLOWING LIST OF DEFICIENCIES ARE THEIR RESPONSIBILITY.

DEFICIENCY LIST

1. 295 A - Bedroom - MSFC 605.5 - Discontinue use of extension cords used in lieu of permanent wiring.- Remove extension cord and use a surge protected power strip.
2. 295 A - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.- Install a detector.

3. 295 B - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.- Install a detector.
4. 295 C - SPLC 34.11 (1), MSBC 2902.1, SPLC 34.35 (1), MPC 301.1 - Repair or replace and maintain all parts of the plumbing system to an operational condition.- Replace the cracked toilet tank cover
5. 295 C - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.- Install a detector.
6. 295 D - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.-Install a detector.
7. 295 E - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.-Install a detector.
8. 295 F - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.-Install a detector.
9. 295 G - Basement - MMC 504.6 - Provide, repair or replace the dryer exhaust duct. Exhaust ducts for domestic clothes dryers shall be constructed of metal and shall have a smooth interior finish. The exhaust duct shall be a minimum nominal size of four inches (102 mm) in diameter and installed in accordance with the mechanical code. This work may require a permit(s). Call DSI at (651) 266-8989.- Repair the damaged part of the dryer vent. This shall require a permit and a licensed contractor to complete this work.
10. 295 G - MN State Statute 299F.50 Immediately provide and maintain an approved Carbon Monoxide Alarm in a location within ten (10) feet of each sleeping area. Installation shall be in accordance with manufacturers instructions.- Install a detector.

Minnesota Statute 299F.50 Requirements for CO Alarms

The multi-family townhomes that have no sources of carbon monoxide as they all 100% electric. The attached Exemption Certificate was filed in 2009. Therefore, according to the attached code, they are exempt from having to have carbon monoxide detectors.

2016 Minnesota Statutes

Authenticate

299F.51 REQUIREMENTS FOR CARBON MONOXIDE ALARMS.

Subdivision 1. **Generally.** Every single family dwelling and every dwelling unit in a multifamily dwelling must have an approved and operational carbon monoxide alarm installed within ten feet of each room lawfully used for sleeping purposes.

Subd. 2. **Owner's duties.** The owner of a multifamily dwelling unit which is required to be equipped with one or more approved carbon monoxide alarms must:

(1) provide and install one approved and operational carbon monoxide alarm within ten feet of each room lawfully used for sleeping; and

(2) replace any required carbon monoxide alarm that has been stolen, removed, found missing, or rendered inoperable during a prior occupancy of the dwelling unit and which has not been replaced by the prior occupant prior to the commencement of a new occupancy of a dwelling unit.

Subd. 3. **Occupant's duties.** The occupant of each dwelling unit in a multifamily dwelling in which an approved and operational carbon monoxide alarm has been provided and installed by the owner must:

(1) keep and maintain the device in good repair; and

(2) replace any device that is stolen, removed, missing, or rendered inoperable during the occupancy of the dwelling unit.

Subd. 4. **Battery removal prohibited.** No person shall remove batteries from, or in any way render inoperable, a required carbon monoxide alarm.

Subd. 5. **Exceptions; certain multifamily dwellings and state-operated facilities.**

(a) In lieu of requirements of subdivision 1, multifamily dwellings may have approved and operational carbon monoxide alarms installed between 15 and 25 feet of carbon monoxide-producing central fixtures and equipment, provided there is a centralized alarm system or other mechanism for responsible parties to hear the alarm at all times.

(b) An owner of a multifamily dwelling that contains minimal or no sources of carbon monoxide may be exempted from the requirements of subdivision 1, provided that such owner certifies to the commissioner of public safety that such multifamily dwelling poses no foreseeable carbon monoxide risk to the health and safety of the dwelling units.

(c) The requirements of this section do not apply to facilities owned or operated by the state of Minnesota.

Owner's Certification of Exemption
For
Installation of Carbon Monoxide Alarms

MN Statute 299F.51, Subdivision 5 (a) Multi-family dwellings may have approved and operational carbon monoxide alarms installed between 15 and 25 feet of carbon monoxide producing central fixtures and equipment provided there is a centralized alarm system or other mechanism for responsible parties to hear the alarm at all times.

This exemption is allowed provided the carbon monoxide alarm is interconnected to a centralized alarm or other mechanical system other than the fire alarm system that can be readily heard by all tenants at all locations in the building above normal ambient noise. The alarm tone must be distinctly different from the fire alarm tone and tenants must be able to easily distinguish and be instructed in the difference between the CO alarm tone and the fire alarm tone.

Subdivision 5 (b) An owner of a multifamily dwelling that contains minimal or no sources of carbon monoxide may be exempted from the requirements of subdivision 1, provided that such owner certifies to the commissioner of public safety that such multifamily dwelling poses no foreseeable carbon monoxide risk to the health and safety to the dwelling units.

If certifying exemption 5 (b) to the commissioner of Public Safety, please complete this form, retain one copy for your records and return one copy to the State Fire Marshal's Office, 444 Cedar Street, Suite 145, St. Paul 55101.

Certification of Carbon Monoxide Exemption Form

I, the owner, Liberty Plaza Limited Partnership % TCHDC 400 Selby Ave #C, St. Paul, MN 5510
(print name and mailing address if different from multifamily dwelling address)

of a multifamily dwelling located at.

295 Western Ave #A-J
(address)

St. Paul, MN 55103
(city, state, zip code)

certify to the commissioner of public safety that I have:

- 1. read the above statements and
2. there are no foreseeable carbon monoxide risks in the above dwelling and,
3. there are none of the following fuel burning appliances within the building: and

- Gas kitchen range
Gas, oil, wood, coal, kerosene, corn furnaces, heaters, boilers, stoves
Gas, charcoal grills allowed within building
Gas, oil water heaters
Gas clothes dryers
Gas ovens
Gas fryers or other gas kitchen appliances
Portable fuel or gas heaters
Gas, oil, wood fireplaces
Other fuel burning appliances

- 4. The building does not have an attached or tucked under enclosed garage;
5. all tenants have been notified either through letters that will be sent to them annually or through a conspicuously placed sign near the main building entrances that the building is not equipped with carbon monoxide alarms and the use of any gas, kerosene or oil burning portable heaters and gas or charcoal grills within the building is prohibited.
6. if the building is sold, I will notify the new owner of this carbon monoxide detection exemption and that the new owner will need to submit a new exemption form to the commissioner of public safety and
7. I understand I am responsible for the legal obligations and liabilities in signing this carbon monoxide exemption document.
