District 6 Planning Council supports the removal of 1068 Norton. For approximately three years this property has had numerous complaints and has caused issues and concerns to the neighboring properties. It is a Category 3 Vacant Building.

This address has also been the focal point for a Block Club in that area and is considered by District 6 to be a nuisance property with no redeeming qualities. This property being removed will go a long way in stabilizing the neighborhood.

If you have questions, please contact the office. Thank-you.

Jeff Martens
District 6 Board of Directors Vice Chairman
Land Use Task Force Chairman
