RE: Skyway Hours Variance for Macy's

Dear Councilmember Thune,

At a special meeting of the Skyway Governance Advisory Committee of the CapitolRiver Council on April 12th, 2013, Macy's request for a variance was considered. As you know, Macy's requested an exception to their hours of operation due to the closure of their store. The committee passed a resolution in support of Macy's request for a skyway hours variance.

The resolution of support reads as follows:

The Skyway Governance Committee approves Macy's request for a skyway variance on the hours of operation.

Please feel free to contact the CapitolRiver Council with any questions or concerns about this recommendation.

Sincerely,

A handwritten signature in cursive script that reads "Melissa Martinez-Sones".

Melissa Martinez-Sones
Director, CapitolRiver Council
