A wide-angle photograph of the St. Paul skyline across a river. The sky is filled with dramatic, colorful clouds in shades of blue, orange, and white, suggesting a sunset or sunrise. The city buildings are silhouetted against the sky, and a large bridge with multiple arches spans the river in the foreground. The water reflects the sky and the bridge.

2025-2029 HUD Consolidated Plan

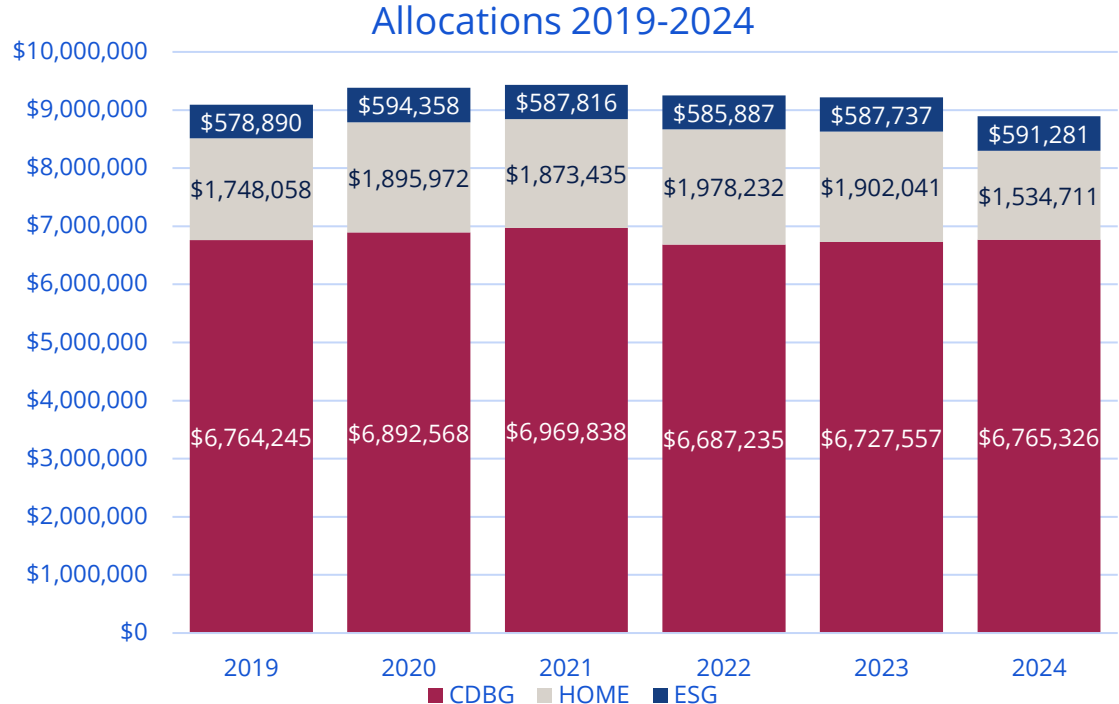

Overview and Community Engagement

HUD Formula Grants Received by the City

All HUD entitlement funds are received and allocated by the City

- **Community Development Block Grant (CDBG)** - Housing, public facilities and services, economic development, planning
- **HOME Investment Partnerships (HOME)** - Expanding the supply of affordable housing for low- and very low-income persons
- **Emergency Solutions Grant (ESG)** - Preventing homelessness and assisting those already homeless

Consolidated Plan (Con Plan) Overview

- HUD requires the City to adopt a five-year consolidated plan detailing goals and objectives expected for use of HUD funds.
- Annual Action Plans (AAP) are required for years 2-5 of the Con Plan cycle to summarize the actions, activities, and resources that will be used each year to address the identified needs and goals. The Consolidated Annual Performance and Evaluation Report (CAPER) documents the accomplishments and progress toward Consolidated Plan goals on an annual basis. HUD must review and approve all plans and reporting.
- Con Plan development is a one-year process administered by PED's Planning Division that follows strict HUD guidelines and engagement requirements. AAP updates follow a three-month abbreviated process engaging the same stakeholders.
- Reflects housing priorities and policies of Comprehensive Plan.
- Addresses issues expressed by housing partners such as the Public Housing Authority, Ramsey County, and others.
- Describes the housing market conditions and community needs for affordable housing, supportive services, economic and community development, and public facilities and services based on data collection and analysis, agency and organization consultation, and community engagement.

Con Plan Needs and Goals

- Plan sets five-year priority **needs** and **goals** and the amount of funding that will go toward each goal on a five-year basis. It also describes strategies for addressing these needs.
- Includes the 2025-2026 Annual Action Plan that documents those **goals** on an annual basis, the annual amount of funding that will go toward each goal, and the specific **projects** that are planned to be funded during the program year to support the annual goals. Capital projects were recommended by the Capital Improvement Budget (CIB) Committee.

 - Community development professionals (Metropolitan Consortium of Community Developers)

Discussion

- What are your thoughts on the proposed outreach given the Con Plan's specific scope?
 - Do you have ideas for additions to the engagement website?
 - Do you have ideas for additional events or organizations to engage with?
- Do you have any edits to or additional questions that should be added to the survey?
 - Would the survey results (raw data or summary) be useful for your work independent of the Con Plan?
