Mr. Ross- McDowell,

It appears there was some miscommunication on this one---after you emailed and I had checked the system, an additional electrical permit was entered into the system for the part of the work that needed to be done (the circuit permit), and wasn't included in that original permit (that showed as finalized as of yesterday am 1/10).

The matter is being continued today at the Public Hearing for 2 weeks (to Jan 25) to allow you to have that last electrical permit closed. (for clarity that is 23 003721 E - Electrical Permit - Service & Circuits - Residential Repair/Alter).

Let me know if you run into any issues, I apologize for any confusion on this.

Joanna

Think Before You Click: This email originated **outside** our organization.

I have the electrical panel finalized. Can you confirm and let me if I will be removed from the vacant property list as discussed?

Good morning,

I just spoke with Mr. Ross and it sounds like he's been unable to connect with Inspector Smith.

Supervisors Martin and Kedrowski, I've given him your desk lines to assist with this. Again, this was laid over a week (12/20) so should be done before then.

Thanks all,
Joanna
