Jarred,

Our records show that there has been no inspections performed on your property from a Building Inspector regarding work under permit # 2012-067430. That said, I'm assuming you are requesting a framing inspection so you can insulate any energy walls/ceilings that need to be completed prior to wall/ceiling covering. I'll contact the other trade inspectors to see if their Rough-In inspections have been completed and hopefully get back to you in the morning.

Thank you,

Steve

Stephen,

I am highly motivated to get this property finalized and out of the Vacant Registered Building Program. Would you please take a moment to come out to walk the property once more? My friend and colleague Don Hedquist is going to meet us and I want to see if we can get everything squared away.

Thanks Mr Ubl.
